Thanks so much Renee! If we are able to have LAHSA sign off on this location soon, do you think you'll be able to put it on the schedule for 12/20/18 (which looks like the next CD 09 Newton pink day)? It's been signed off by the other two already.

Matthew, do you think you could have this location outreached to and authorized in AMS in the next week or so, and keep us all updated?

Thanks again everyone 😊

Hi Carolyn,

This location will need to be scheduled on a pink day for CD 9, so as to not take away from the council offices priorities. Once approved by all three signers I will put it on the schedule.

Much Appreciated,

Good morning everyone!

Hi Renee - this email serves as a follow-up to the email I sent on Monday. Do you think we'll be able to get this location on the CSLA posting lists for either Tuesday or Thursday next week?

Danielle Maldonado from Sanitation (who will be working at UHRC/Mayor's Office from this point forward - included in this email) has created a second authorization number for this location (181206002) to include a wider polygon, and to mark this location as 'urgent' in AMS, due to the severe health hazard conditions present at these encampments. The main concern and encampment concentration is located at the far West dead end side of the east-west alley in between E 42nd Pl & E 43rd St.

Matthew, could you please let us know an update on LAHSA outreach at this location?

Thanks everyone so much for your help 😊

Good morning everyone,

The Mayor's Office has received a request from the LAPD HOPE Central team to get this alley location prioritized for a cleanup soon.

The encampments are very large with several bulky item structures and an increasing number of rats and human waste. We received word that the occupants are beginning to throw their trash and human feces over the alley fences and into residential and private property, creating a greater hazardous threat to public health and safety.

This location is in AMS already pending a CSLA cleanup:
Auth # 180919009
Has 2 out of 3 signatures, missing LAHSA signature
285 E 43rd St, 90011
CD 09, Newton Division
HEs located at the far West dead end side of the east-west alley
in between E 42nd Pl & E 43rd St

I've attached photos of the encampment that were taken yesterday, 12/2/18, and the Authorization Report with the "yellow box" boundaries.

Renee - could we try to get this on the CSLA cleanup schedule for next week if at all possible? Based on the December 2018 CSLA calendar, it looks as though the next CD 09 Newton Division service days are Tuesday 12/11/18 and Thursday 12/13/18.

Matthew - would you be able to coordinate LAHSA to provide outreach to this location sometime this week?

Thanks so much everyone for your help 😊
